Terms of Reference (ToRs)
Consultancy Services for Chemical Assessments in 05 Textile and Leather Enterprises across Pakistan under WWF-Pakistan’s Project 'International Labour and Environmental Standards Application in Pakistan's SMEs (ILES)

1. BACKGROUND

WWF-Pakistan is implementing the European Union (EU) funded project namely “International Labour & Environmental Standards Application in Pakistan's SMEs” (ILES) aims at enhancing capacities of the textile and leather sectors to adopt Smart Environmental Management Practices (SEMPs) to reduce overall consumption of Chemicals via effective Chemical Assessment and Management.

2. OBJECTIVES

The objective of this consultancy is to assist WWF-Pakistan in enabling the 05 Textile and Leather Enterprises of Pakistan to achieve Chemical Conservation through making Chemical Assessments.

The objective is to hire services of a consultant/consultancy firm to conduct a baseline assessment to identify and quantify the chemical consumption areas where processes can be streamlined and optimized, leading to improved efficiency in chemical management practices and demonstrate the reduction of 10% of chemical consumption taking baseline as reference.

3. TIME FRAME

The expected duration of the consultancy is 8 Months starting from the date of contract signing. The consultant is expected to provide regular progress reports and updates throughout the consultancy period.

4. SCOPE AND DELIVERABLES

The scope of the service shall include the following:

- Obtain consent from the selected enterprises for working and implementation of Chemical Management Practices in their premises.
- Conduct Chemical baseline assessments of 05 (03 Textile and 02 Leather) Industries across Pakistan chemical consumptions including comprehensive review of the organization's chemical procurement, storage, handling, usage, and disposal practices.
- Develop action plan Opportunities for reduction in chemical consumption in 05 industries.
- To develop training modules and program for each enterprise using need-based assessment to upskill workforce for effective and sustainable implementation.
- Perform post-assessments in those 5 enterprises where performance assessment is already conducted to reflect the scale of the implementation against the baseline and achievement of the committed savings i.e., 10-15%.
• Prepare Pre and Post Assessment comprehensive report, including findings, recommendations, action plans and savings achieved.
• Sustainability/Continuity Plan
• Providing expert guidance and support throughout the consultancy period
• Update WWF-Pakistan about the progress of the project on regular basis (Bi-Monthly)

5. QUALIFICATIONS AND EXPERTISE:

The Consultant/Consultancy Firm should possess the following qualifications and expertise:

• The consultant/consultancy firm (Lead Consultant) should have a degree in Textile/Chemical/Environmental Engineering/Sciences with more than 10 years of working experience with the Textile Sector and Leather Sector and with at least 5 verifiable reference projects implemented in the last 3 years related to Chemical Management/Chemical Assessment protocol in the Textile and Leather Industry.
